SCHEDULED CLOSURES FOR I-215 AND SR-60

RIVERSIDE AND MORENO VALLEY – The California Department of Transportation (Caltrans) will conduct several freeway closures at the interchange of Interstate 215 and State Route 60 in the south Riverside and Moreno Valley area. These closures are necessary to construct the temporary staging platforms for the new truck bypass lane over I-215 and SR-60. Safety is a high priority for Caltrans, not only for the motorists who travel through this area, but for the field crews, as well. Traffic will not be allowed to pass under the temporary platforms during the construction hours. It is anticipated the construction will be completed the morning of Friday, December 1, 2006.
